For only \$3, you can send candy and a musical number to be sung to your friends or your true love during their lunch period that they will not soon forget, or forgive you for. Sing-a-grams will be on sale during lunch beginning today up until Valentine's Day.

Attention Skiers and boarders: Our trip to Boyne Mountain has been re-scheduled. We will be taking the trip on Saturday, February 25<sup>th</sup>. Final payments for the trip are due February 10<sup>th</sup>. See Mrs. Norr if you have questions.

AW Spirit of Giving is a non profit organization designed to help families within our district with major medical needs. So please show your support by purchasing a t-shirt today!

Today is the third day of "National School Counseling Week." Today's message is about curiosity and the power of connections. Steve Jobs, the founder of Apple, encouraged people to "think different." Ten years ago, Jobs knew that computers were not the only key to Apple's future success. His success was in developing tools that allow us to connect – to our music, our pictures, to the internet, and to others. Born from his curiosity and desire to connect were the iPhone, the iPad, the iPod, and iTunes. Your school counselor, encourage you to be curious, to "think different." There is much to be learned from the brilliance that is in each of you.
