

2011-12 School Calendar Change

The Anthony Wayne Local School 2011-12 school calendar was adjusted at the January 9th Board of Education meeting as the result of recent State of Ohio legislation (House Bill 369) that was passed. In December, legislators approved a change in the primary election date from May 8th, 2012, to March 6th, 2012. In the 2011-12 school calendar, May 8th was a professional development day for district personnel because elections were to take place in three out of our six school buildings. Thus, the Board of Education changed the professional development day for the district from May 8th to March 6th, the new primary election date. The Anthony Wayne staff look forward to continuing our professional development work toward achieving the goals in the district continuous improvement plan on March 6th. Thank you.
