

Creating Community

Family Ties is a way to create connection and community for families and supports. This is an opportunity for supports of children and adults to come together. We want families to build a network of Natural Supports they can lean on for support.

Parent Led

With support from staff at Lucas DD, the goal is to have parent led meetings focusing on different topics each month.

Identifying Resources

We will have guest speakers from community agencies (Ability Center, Sight Center, Mental Health, Lucas DD Departments, Probate Court and more).

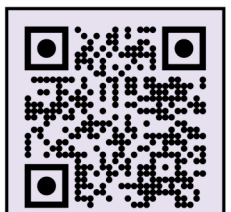

Creating a Safe Space

Things aren't always sunshine and rainbows. Family Ties will create a safe space for families to share and problem solve together.

Based on parent input, meetings are on the third Thursday of the month from 6:30-7:30pm at Lucas DD (1155 Larc Ln, Door O). Because the goal is for this group to be parent led, that time may change. Check the website for the Zoom link to attend virtually!

If you have questions, please email us at familyties@lucasdd.org

Scan QR Code to complete a survey so that your voice is heard about topics and meeting times. If you are unable to scan the code, go to <https://bit.ly/familytiesgroup>.
