TRADITIONAL REPORT CARD

When one or more components are not rated (such as an elementary school without a Graduation Component or a high school that does not have an Early Literacy Component), the remaining components contribute proportionally to the overall rating.

Achievement Component

- Measures student performance on state assessments in English language arts, mathematics, science, and social studies. Points are awarded based on performance levels, with higher levels earning more points.
- How students perform on each individual test
- Performance Index

Progress Component

- Measures the growth students are making based on their past performance, regardless of their initial achievement level.
- Are students making a year’s worth of progress.
- Determined by State projections based on past test results.

Gap Closing

- Measures the reduction in educational gaps for student groups by examining achievement, progress, and graduation for student groups, English language proficiency improvement, chronic absenteeism rates, and gifted identification and services.
- Are we meeting the needs of our various subgroups of students across the District

Graduation Rate

- Measures the four-year adjusted cohort graduation rate and the five-year adjusted cohort graduation rate.
- 4-Year Graduation rate 97.5
- 5-Year Graduation rate 98.1

Early Literacy

- Measures reading improvement and proficiency for students in kindergarten through third grade.
- Ensuring student reading skills are on grade level

College, Career, Workforce, and Military Readiness Component

- Measures how prepared Ohio's students are for future opportunities, whether training in a technical field or preparing for work or college.
- Looking to see if students meet least one of the 11 ways to demonstrate post-secondary readiness as defined by ODEW.

Component	**Points Earned**	**Weight**	***Weighted Component Points**
Achievement	5	25%	1.25
Progress	3	25%	.75
Graduation Rate	4.5	12.5%	.5625
Gap Closing	4.25	12.5%	.53125
Early Literacy	3.75	12.5%	.46875
CCWMR	3.5	12.5%	.4375
Total Weighted Points			**4**

*For each grade card component, there is a calculation/distribution set by the State to determine "Points Earned." To calculate weighted points, the points earned are multiplied by the weight. All component weighted points are then combined to calculate the "Total Weighted Points."

- 5 x 25% = 1.25

Early Literacy	NR	NR	NR
CCWMR	NR	NR	NR

Individual school buildings may be calculated differently. This is the calculation for FTMS. FTMS would not have the graduation and early literacy components, so achievement, progress, and gap closing weights are adjusted to determine weighted points.
