## ANTHONY WAYNE LOCAL SCHOOLS~048207 FINANCIAL FORECAST ASSUMPTIONS – May 2020

## REVENUES

## 1.0 General Property Tax –

The district continues to see an increase in new construction...a noticeable number of new homes being built through the community as well as commercial and industrial development. It is hopeful we will continue to see increases in Real Estate revenue as well in our district valuation. Current valuation increased to \$1,043,723,890 this year which is up \$105,761,590 from last year due to the county reappraisal (2018). Property values are established each year by the Lucas County Auditor based on new construction and complete reappraisal or updated values, which occur every three (3) years.

The Anthony Wayne Board of Education was successful on the November 2013 ballot for a 4.9 mills new operating levy. Collections began in January 2014 and with generate roughly \$4 million annually. Our 2003 Emergency levy was renewed in November 2012. The renewal is for 10 years.

Due to the elimination of S.A.L.T. for tax year 2018, real estate was down in FY 2019 due to \$1,255,810 being prepaid in FY 2018. This revenue will come back to the district in FY 2020 along with roughly a 2% increase due to full year collection of the 2018 reappraisal.

We are estimating a 1% growth annually in years 2021-2024. This is lower than previously estimated, however due to COVID19, higher delinquencies are being anticipated.

**Public Utility Personal Property (PUPP)** Tax is included in this line item. This line item is based on local collections. The district did receive \$1.2M in Nexus pipeline revenue in March 2020. Currently, Nexus is appealing their values to the State Tax Commissioner. To determine the amount of revenue the district will receive moving forward is a challenge, however, we are going to look at the worst case scenario and estimate their request of a 52% reduction at this time. A 2.5% increase is estimated for other existing PUPP revenue.

	FY 2017	FY 2018	FY 2019	FY 2020	FY 2021	FY 2022	FY 2023	FY 2024
Real Estate	\$25,371,559	\$26,653,722	\$26,360,233	\$28,460,707	\$29,189,301	\$29,936,548	\$30,702,923	\$31,488,918
PUPP	\$1,371,915	\$1,441,638	\$1,578,160	\$1,641,286	\$1,683,303	\$1,726,396	\$1,770,592	\$1,815,919
Total	\$26,743,474	\$28,095,360	\$27,938,393	\$30,101,993	\$30,872,605	\$31,662,944	\$32,473,515	\$33,304,837

1.020 **Tangible Personal Property Tax** – Tangible Personal Property Tax was eliminated.

1.035 Unrestricted Grants-In-Aid – This figure is composed of the receipts from the State Foundation Program. The 2019-20 biennium budget is reflected in the forecast. This includes \$160,643 for preschool and \$80,476 for special education transportation. It also includes roughly \$60,000 in those years for the graduation rate and 3rd grade reading bonuses.

Due to the Governor's budget cut in May 2020, FY 20 shows the \$1,080,281 funding reduction as well at \$1,600,000 for FY 21, which equates to 20% of the original FY 20 biennium foundation revenue (line A on settlement statement)

Casino revenues were received (\$21.00 per pupil) in FY13 and that amount was projected to increase to \$51.00 per pupil in FY 2014, however casino revenues are not warranting that continued increase pattern. We are reducing this line item due to COVID 19 and using a 40% reduction for FY 21. Then estimating about a \$30,000 increase annually before reaching FY 20 revenue by FY 24.

- 1.040 **Restricted Grants-In-Aid** FY 2020 2024 has no allocation, due to new biennium budget.
- 1.050 **Property Tax Allocation** This category contains the 10% & 2.5% rollback and homestead exemptions of property taxes reimbursed to the district by the State of Ohio. 2.00% is estimated as an annual increase. With the last biennium budget, TPP reimbursement was phased out over FY16 (\$913,000) and FY17 (\$174,152) and eliminated for this biennium budget. Because of this, the district will see a loss of revenue in FY 2017-18 of \$174,152

							FY 18-	
	FY 12	FY 13	FY 14	FY 15	FY 16	FY 17	22	
Tangible PP	\$3,199,721.00	\$1,660,752.00	\$1,652,284.00	\$1,638,674.00	\$920,023.00	\$174,152.00	0.00%	

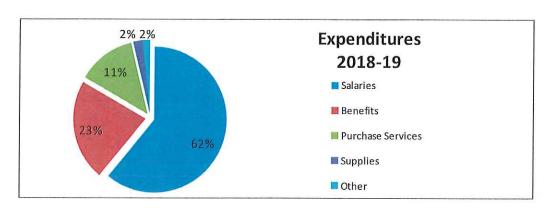

- 1.060 All Other Revenues This figure is a combination of a number of things including tuition and excess cost billed to other districts, investment earnings (which continues to be minimal), fuel reimbursement, and other miscellaneous revenues. The estimate is flat-lined based on the average of the last 3 years collections.
- 2.060 **All Other Financing Sources** This is primarily refunds of prior year expenditures and advances. This amount is reduced slightly in FY 2020-2024 being less federal dollars are being received.

## **EXPENDITURES**

- 3.010 Personnel Services These figures are based on salaries paid to all staff including certified, classified, supplementals, administrators, substitutes, tutors, etc. These figures are based on the current negotiated agreement with our teaching and non-teaching unions. FY 19 and FY 20 include a 2.25% increase and steps and FY 21 a 1.75% increase and steps. FY 22, 23 and 24 are estimated at 2.5%, as contracts will be open for negotiations. FY 2019-20 personnel services have been reduced due to the close of school in March 2020. Although salaries continued, the cost of substitutes saved the district \$300,000.00 and a portion psychology personnel was paid through SWSF.
- 3.020 Employees' Retirement/Insurance Benefits The retirement portion of this number is a derivative of the salary amounts above, (14%). The insurance (medical, dental, vision and life) benefit portion included a 3% increase in FY16 for medical and vision insurance, then a 0% in FY17 (Reached a two-year deal with both Paramount and VSP). FY19 includes a 3.0% increase and 1.0% each year thereafter is estimated at this time. FY 2020 we will see a 6% increase on our health insurance costs and no increase in dental, vision and life. FY 2019-20 employee benefits were reduced due to the reduction in personnel services, therefore saving \$72,000.00
- 3.030 **Purchased Services** This category represents such things as contracted equipment/building repairs, private contractors for special education services, Lucas County contracts, copier leases/rentals/maintenance agreements, property and fleet insurance, travel and meeting expense, all utility costs phone, gas, electric, garbage, water & sewer, autism and Peterson scholarship, community school charge-off, CCP, etc. FY 2016-17 was increased due to error with another placement facility on non-resident students. A 1% increase is estimated for FY 21 24 of the forecast.
- 3.040 Supplies and Materials This category represents the supplies and materials used in the various classrooms, for meetings, printer cartridges, supplies needed for school buses, fuel for all the district vehicles, including school buses, janitorial supplies, media center supplies, etc. FY 2020-2024 are flat-lined at \$925,000.

  Although we saved money is fuel due to buses not running, we feel this will likely be offset in additional cleaning supplies and PPE supplies that the district had/wi to purchase.

- 3.050 Capital Outlay This category includes the purchase of new and replacement equipment for the district. In FY 12 (through FY14), we reduced this expenditure line to zero, using Permanent Improvement funds for these purchases. Beginning FY15, we increased this line item to roughly \$300,000 for technology purchases, upgrades and upkeep. In effort to offset the loss of revenue in TPP, we reduced general fund expenditures (made out of PI fund) in FY16 and FY17. There is no estimate in FY 20 24 due to revenue reductions as well. Purchases we will be allocated out of PI fund.
- 4.300 Other Objects This category is composed of primarily the Auditor and Treasurer Fees that are deducted from every tax settlement we receive from each of the three county auditors that our district resides in, audit charges for annual audit and property taxes (farm). These figures are based on historical information as well as being a function of the property and tangible taxes collected.
- 5.40 **Other Uses** This category is used to offset negative cash balances in grant accounts due to the time the funds are received. General funds are repaid when grant revenue is received, usually early July. Our grant allocations are much less; therefore, the amount to advance at June 30<sup>th</sup> will reflect that as well.

True Cash Days	Fiscal Year							
General Fund 5 Year Forecast	2017	2018	2019	2020	2021	2022	2023	2024

**Summation** –Trying to allocate resources to provide an excellent education to the children of the Anthony Wayne LSD is always a challenge when factoring in the

unfunded mandates, such as technology requirements, evaluation system, third grade reading guarantee, college credit plus, scholarships, payment in lieu, etc, etc....!

We continue to operate as efficiently as we can without affecting our educational programs and services provided.

\*PLEASE NOTE: meeting the statutory requirement for this forecasting period continues to be a work-in-progress and extremely challenging to provide a prudent and useful forecast for financial guidance than any other previously required submissions. COVID19 has delayed many things, but has not delayed the due date for the 5 year forecast, yet we have no State funding allocation for FY 21...and beyond. We don't know
