Every parent or guardian of a child has the obligation to see that he/she is in attendance during all school calendar days, except for cases of personal illness or illness in the family, death of a relative, or observance of a religious holiday. Therefore, the parent's/guardian's signature upon this statement signifies that they accept full responsibility for the absence of their child from school for the days indicated on this form. Likewise, it is understood that the administrator's signature does not indicate approval of the student's absence, but only that he/she is aware of the absence.
